[15:52] <toooldforgaming> You wouldn't use it to game

[15:52] <toooldforgaming> You'd use it for streaming
[15:52] <frankenfunk> if you jump, do a hat jump and then dive you might be able to make it
[15:52] <kekon3> Phils comp was built over 5 years ago I think
[15:52] <naokib4u> secret door, you can't jump to that
[15:52] <dragonsky878> Phil, get ready for demonization from Nintendo cuz theyre assholes
[15:52] <kozatof> @toooldforgaming thereâ€™s a reason why heâ€™s not a pc guy
[15:52] <toooldforgaming> Kekon: Yeah but not for GPU streaming
[15:52] <vashyoyo> dive jump yes
[15:52] <toooldforgaming> I've streamed 1080p 60FPS with a Skylake

[15:55] <aid0kennl> hahaha I understand though, Nintendo did a good job
[15:55] <dragonsky878> lel
[15:55] <dragonsky878> B)

[15:55] <dragonsky878> not really secret
[15:55] <i_came_here_to_something> Well, they've certainly done a better job than Sonic Team did w/ Forces Kappa
[15:55] <dragonsky878> @i_came_here_to_something yeah lel
[15:55] <toooldforgaming> The only thing I've heard people are upset about this game is that it's too easy, but everyone always wants another Mario Sunshine
[15:56] <im_not_a_hipster> ay ay ay
[15:56] <mjl1986> This is sum Ninja Warrior shit
[15:56] <wouldyoulikesomeballz> we only cared for sonic mania
[15:56] <aid0kennl> its 2017 gaming is easier for mainstream
[15:56] <toooldforgaming> That's OBS reporting 30FPS
[15:56] <dragonsky878> go in pipe
[15:56] <dragonsky878> lel
[15:56] <i_came_here_to_something> Sega really should've put their marketing being Mania, not Forces.
[15:56] <vashyoyo> thats a lot of people
[15:57] <vashyoyo> jump up
[15:57] <blue_blur64> Gotta go with traffic xD
[15:57] <blue_blur64> They did for both
[15:57] <pl4guet4stic> @I_Came_Here_To_Something implying Forces was a total failure. Oh right...
[15:57] <eternia_forever> they are stuck in the matrix
[15:57] <toooldforgaming> It's not 60FPS, I already proved it by looking at the capture directly
[15:57] <aid0kennl> if the switch wasnt so expensive I would buy this my self
[15:57] <toooldforgaming> Switch is actually cheap
[15:58] <dragonsky878> have you seen the real Mario Odyssey, its a funny video XD
[15:58] <aid0kennl> wtf here its 330 euro
[15:58] <blue_blur64> \$300 in the US
[15:58] <vashyoyo> go in the other door
[15:58] <toooldforgaming> Ok put it this way, the switch is cheap for the hardware that is in it
[15:58] <emnay_i_say> Garbage ware LuL
[15:58] <aid0kennl> i buy ps4 here for 150 euro
[15:58] <ronmexicooo> @aid0kennl \$300 is expensive but in relation to the freken xbox x being \$500 its cheap
[15:58] <turbopebble> Out of the way, anuses.
[15:58] <toooldforgaming> The switch has a Tegra X1 in it
[15:58] <dragonsky878> its crowded asf
[15:58] <frankenfunk> Xbone LUL
[15:59] <aid0kennl> yeah 300 dollar is like 295 euro
[15:59] <toooldforgaming> It's basically an Nvidia Tegra X1 tablet
[15:59] <i_came_here_to_something> @PL4GUET4STIC Not saying it is. But, Mania was a lot more inspired and just better built. Forces is just another average 3D Sonic game and that's no different since 2012 tbh. But at least it's better than Sonic Boom.
[15:59] <aid0kennl> here its freaking 330, and If I am going to buy it I will need games etc. Will be expensive trust mehahha
[15:59] <wouldyoulikesomeballz> Xbox One X is similar to a 1060 though
[15:59] <toooldforgaming> The only current Tegra X1 tablet other than the Switch is the one google sells
[15:59] <dragonsky878> @i_came_here_to_something Mania has those frames tho
[15:59] <aid0kennl> I will buy it for sure, but got to save up.
[15:59] <vashyoyo> rambi is the rhyno from DK
[15:59] <toooldforgaming> And that's \$700 american
[15:59] <blue_blur64> Thank you for at least saying that last statement, because I've seen people seriously say that 06 is better than Forces DansGame
[15:59] <shoshone> wow, this is the most handsome streamer I've ever laid eyes on
[15:59] <vashyoyo> lol

[15:59] <eternia_forever> i have not seen a black friday preview ad as of yet that has the ps4 pro on sale :(

[15:59] <doctorzzz> WutFace

[15:59] <blue_blur64> O_o

[16:00] <i_came_here_to_something> @dragonsky878 beautiful frames, even.

[16:00] <speedweed__> wtf

[16:00] <dragonsky878> that dinosaur sounds like a screaming raging kid XD

[16:00] <pl4guet4stic> @I_Came_Here_To_Something to be fair, it being better than Sonic Boom is not really saying much. And yeah it isn't the worst Sonic game ever but feels extremely rushed.

[16:00] <blue_blur64> Well now I know where I'm missing a bunch of coins

[16:00] <doctorzzz> PETA

[16:00] <eternia_forever> this is to cool

[16:00] <frankenfunk> well sonic mania was made by people who were passionate about the oldschool sonic games. Thats why sonic mania was so good

[16:00] <xxghostbritxx> unearned moon

[16:00] <toooldforgaming> The switch as in itself is cheap though

[16:00] <toooldforgaming> Nintendo is undercutting it

[16:01] <mjl1986> Did he say Rambi or Hurambe?

[16:01] <aid0kennl> true but with complete package games / pro controller

[16:01] <aid0kennl> it will be expensive anyway

[16:01] <blue_blur64> I'm still playing Forces right now btw, so it's good to me :P

[16:01] <aid0kennl> you dont need a subscription for online play right??

[16:01] <wouldyoulikesomeballz> Yakuza has a better reputation than Sonic nowadays

[16:01] <i_came_here_to_something> @PL4GUET4STIC And that's the hilarious part; they've had four years since Lost World to make this and they end up w/ Forces. They probably kept taking stuff out back and on, or had staff shakeups.

[16:01] <dragonsky878> guys the dinosaur does sound like a raging Xbox kid XDDDD

[16:01] <blue_blur64> I just can't find this damn second ring in the 4th stage brownFEELS

[16:01] <pl4guet4stic> DSP the Moon Man

[16:01] <frankenfunk> some people like bad games.. I myself like some pretty terrible games

[16:01] <djrno1> this is some fucking scooter

[16:01] <jack_spartacus> @DarksydePhil oh no its going to be inspector gadget from the movie!

[16:01] <toooldforgaming> You need to pay for online past december 2017

[16:02] <toooldforgaming> After that you have to pay Nintendo for online

[16:02] <blue_blur64> They never said January

[16:02] <blue_blur64> Only 2018

[16:02] <dragonsky878> construction outfit, aka mario maker outfit

[16:02] <i_came_here_to_something> @WouldYouLikeSomeBallz Sure does, and it's well deserved. Sega has many other IP more deserving of money these days than Sonic tbh. Feels like even Sonic Team wants to move on to something non-Sonic now.

[16:02] <vashyoyo> make sure to sit by a guy on a bench Kappa

[16:02] <mjl1986> Dude, it's Pauline...Pauline from Donkey Kong man.

[16:02] <pl4guet4stic> talk about staff shakeups @DarksydePhil what do you think about Telltale Games laying off lot of their workforce to form a smaller company and make fewer games in the future

[16:03] <defy1ng_gr4vity> New Donk City lol

[16:03] <toooldforgaming> Dude really? Don't call me a liar. They're changing it to a Pay service December 2017. That's why they are shutting down Miiverse

[16:03] <micgelo09> the mayor looks like a taller daisy

[16:03] <toooldforgaming> Miiverse is incompatible with the new system

[16:03] <blue_blur64> Last I heard it was 2018

[16:03] <dragonsky878> look at mario dance XD

[16:03] <eternia_forever> Hope the Metroid for this will be perfect

[16:04] <aid0kennl> lol
[16:04] <toooldforgaming> Phil if you stand there with the band mario will dance
[16:04] <frankenfunk> TooOldForGaming You're a liar
[16:04] <toooldforgaming> Yeah it shut down last night
[16:04] <blue_blur64> Never used it myself
[16:04] <toooldforgaming> The shutting down of Miiverse is to move to the new system
[16:04] <djruno1> i never understood why mario chose to be with peach if he could've had rosalina

[16:29] <hobbs1017> cheer100 phil what can current or new fighting games do to make you like and play them?
you didnt like injustice SFV tekken or marvel. just curious cause I at least liked one of them. what can new
fighting games do different to make you play them
[16:29] <raspigaous13> enjoyed his loneliness FeelsBadMan
[16:29] <kozatof> Wait is the big guy line before taking bane mask off?

[16:30] <hobbs1017> @DarksydePhil what could street fighter do different to make u like it again?
[16:30] <kekon3> If you ever are interested in learning Tekken 7 OpieOP
[16:30] <dragonsky878> Tekken 7 feat. Akuma = Hadouken spam
[16:30] <kekon3> I'm right here bro OpieOP
[16:30] <kozatof> @vashyoyo is the mask line before youâ€™re a big guy?
[16:30] <vashyoyo> lol
[16:30] <eternia_forever> yeah the dbz games does look insanely good
[16:30] <vashyoyo> its nothing i think
[16:30] <kekon3> I will put you through the crash course of modern Tekken 7 footsies
[16:30] <doctorzzz> ITs a zipper
[16:31] <eternia_forever> good online play perhaps
[16:31] <straightcashhomie29> Phil do you like this game
[16:31] <kinggoken> lmao a child
[16:31] <kekon3> Remember Noah? the actual 8 year old who made it into top 16 at several Marvel 3 tourneys
[16:32] <hobbs1017> @DarksydePhil In marvel you were one of the only people not using dante ultron and
gamora..... even in the pro tourneys you see the same 5 characters. ultron dante gamora and sometimes jedah and
raccoon
[16:32] <kekon3> because all he did was abuse Hulk's armor?

[16:32] <vashyoyo> street graffiti in mario
[16:32] <thatanonybear> Dante and RaccAttack is still best MVCI team
[16:33] <novaenforcer> lmfao
[16:33] <dragonsky878> @darksydephil what can you say about Hyper Street Fighter 2 anniversary? thats one of my favorite street fighter games, ken's my main :3
[16:33] <kekon3> funnily enough, the people who played Skullgirls are the oones doominating infinite rn, not the people who played Marvel 3 OpieOP
[16:34] <kuroxroku> @hobbs1017 thats how all fighters start out. Remember in MvC3 Wesker was top tier at first? At the end of the game, no one really played him.
[16:34] <toooldforgaming> Turbo 2 sucks, the best in the series objectively is Street Fighter Alpha 3, I mean if it's not your favorite that's cool but it was the last SF before it got up it's ass in stuff
[16:34] <novaenforcer> definitely why ppl play fighting games lol
[16:34] <novaenforcer> for the 'Fame" lol
[16:34] <hobbs1017> @DarksydePhil yea very true.... then you got games like guilty gear you have to play hundreds of hours to be good at. the only ppl who do good in tourneys play 16 hours a day
[16:34] <vashyoyo> hat jump?
[16:34] <thatanonybear> @NovaEnforcer you an FGC guy?
[16:34] <kekon3> Tekken 7 has good footsies, risk reward and mixup game without feeling too cheesy (Save for 3 characters) but I think they're taking too long to make new characters
[16:34] <dragonsky878> @toooldforgaming i love that game, i love using Sakura
[16:34] <novaenforcer> @ThatAnonyBear nah not really
[16:35] <toooldforgaming> Yeah Alpha 3 the only way to do bad is to be bad
[16:35] <nerozero88> Kreygasm Kreygasm
[16:35] <thatanonybear> @NovaEnforcer hmm, i just know there's a "Nova" from the fgc :P
[16:35] <hobbs1017> @kuroXroku yea but marvels been out for awhile now and even in canada cup last week there was only like 5 matches on the last day with no ultron gamora dante.... and only 2 matches with those same and no coon and jedah
[16:35] <matitoooo> lol
[16:35] <kekon3> I tell this to everyone I play when they ask, I wouldn't play Tekken 7 if I didn't just straight up enjoy it
[16:35] <vashyoyo> heh
[16:35] <thebigjeffproductions> i bet you get a secret moon for cleaning up all the goop
[16:35] <dragonsky878> TPFufun
[16:35] <thebigjeffproductions> oops nvm
[16:35] <lvlpower> the power of the Moon
[16:35] <kaxey> Give her the Donk! Kreygasm
[16:36] <novaenforcer> plenty of people with the name Nova unfortunately :Z
[16:36] <kuroxroku> @hobbs1017 its barely been out 2 months. That's a flash in the lifespan of a fighter.
[16:36] <vashyoyo> noo lmfao
[16:36] <encelor> new porn?
[16:36] <toooldforgaming> Tekken 7 is amazingly balanced
[16:36] <vashyoyo> time for donk lesson
[16:36] <toooldforgaming> I've not seen anything game breaking
[16:36] <hobbs1017> @kuroXroku its been enough time tho for the pro players to play non stop and see who the best characters are
[16:36] <kekon3> The most game breaking thing is EFWG and even that has a hard counter
[16:36] <iconicchristian> cheer100 Hello Why did you start putting Thumbnails on your Video I'm just curious
[16:36] <hobbs1017> the pro players know those are the top tier guys
[16:37] <toooldforgaming> Not like say street fighter where some chars are objectively overpowered like Fei-Long etc
[16:37] <blue_blur64> HERE WE GO GUYS Kreygasm
[16:37] <lvlpower> dance time

[16:37] <soliddave> Best part of the game

[16:38] <toooldforgaming> God dammit phil, can't we enjoy this song?
[16:38] <thatanonybear> be my one-up fox, Miles RaccAttack
[16:38] <kuroxroku> @hobbs1017 yeah, but again, thats just the stuff that works early on. people find new tech all the time. Plus, when problem teams arise, people start to work on counters. Towards the end of MvC3, we saw people make teams designed to counter MorriDoom. Gotta give it time to evolve and for new tech to emerge.
[16:39] <kekon3> don't lewd the fox >:(
[16:39] <lvlpower> I could show her my Goomba
[16:39] <blue_blur64> too late Kekon

[16:55] <eternia_forever> yeah
[16:55] <hobbs1017> @DarksydePhil even 10th place won a few thousand
[16:55] <vashyoyo> theres new doors that opened up here
[16:55] <kekon3> god I wish I could enter tourneys where 10th makes money
[16:55] <hobbs1017> @DarksydePhil yea very true they play all day.... Fchamp and some even admitted to taking adderall and playing 20 hours a day

[16:55] <kekon3> but that's the nationals, where the cost to enter is mad high FeelsBadMan
[16:55] <pacifisto0o0o> @doctorzzz is nuts!
[16:55] <thatanonybear> @hobbs1017 how much is that after his travel expenses and time lost from work?
[16:56] <doctorzzz> go ask toad
[16:56] <vashyoyo> other side i think
[16:56] <hobbs1017> @Kekon3 yea Tekken doesnt make that much money. only the top 3-5 in tekken make money and its always the same japanese players or koreans
[16:56] <paddingtonbear187> @thatanonybear like 10 bucks
[16:56] <paddingtonbear187> InuyoFace
[16:56] <thatanonybear> LUL
[16:56] <pl4guet4stic> Phil is bringing up a fair point though, not only does it require a lot of time to become a pro player, which Phil doesn't have if he intends to play hot new releases. And it also takes a lot of money to travel to tournaments, hotels, food, etc.
[16:56] <hobbs1017> @ThatAnonyBear well the better pro players get sponsored so they travel for free. like punk is on PG and justin wong is on echo fox etc
[16:56] <kekon3> still, that'll never deter me from playing, VoHiYo
[16:56] <bernielomax517> Ooof
[16:56] <gezavolaj> LUL There GRILL Just Twerking On Twitch, WTF:

[16:57] <thatanonybear> @hobbs1017 and war veterans are starving on the streets v_v
[16:57] <hobbs1017> @PL4GUET4STIC yea some of the top players get sponsored but yea all they play is street fighter at least 16-20 hours a day
[16:57] <vashyoyo> explore ground level for more new doors
[16:57] <thatanonybear> 16-24 hours?? ewww
[16:57] <hobbs1017> Injustice has a good chunk of sponsored players to
[16:57] <pl4guet4stic> @hobbs1017 exactly, which is sort of impossible for Phil in his current lifestyle, I imagine.
[16:58] <hobbs1017> but Tekken its mainly koreans and japs who are sponsored not too many USA players for tekken
[16:58] <micgelo09> maybe the coins are in the trees you mightve missed @DarksydePhil
[16:58] <vashyoyo> you missed a good secret door D;
